Dear Mr. Dela Pasion,

This is to confirm that 72 units of Production Warehouses (316,000 tons capacity), 19 Transit Warehouses (28,000 tons capacity) and 2 units of Salt Refinery Factories (30 tons/hour and 15 tons/hour capacity) were completed in Madura, Gresik and Jenepono, Indonesia, for the Salt Warehouses National Stock of PT. GARAM (Persero), Indonesia, from 1981 until 1987. Please find the details listed below.

No	Location	Production Warehouse		Transit Warehouse		TOTAL	
		Unit	Capacity (tons)	Unit	Capacity (tons)	Unit	Capacity (tons)
1	Gresik Putih	6	30.000	-	6.000	6	30.000
2	Kalianget I	-	-	3	6.000	3	6.000
3	Kalianget II	7	21.000	3	2.000	10	27.000
4	Palebunan	10	50.000	2	2.000	12	52.000
5	Nembakor	10	30.000	1	1.000	11	32.000

8	Pamekasan III	2	10.000	1	1.000	3	11.000
9	Sampang I	6	30.000	1	1.000	7	31.000
10	Sampang II	5	25.000	1	1.000	6	26.000
11	Sampang III	3	15.000	-	-	3	15.000
12	Gresik Kota	8	4.000	4	6.000	12	46.000
13	Gresik Manyar	5	15.000	1	1.000	6	16.000

Parts of the above structures such as concrete walls, columns and floors were completed using CEMENTAID Hydrophobic Pore - Blocking Ingredients (HPI), Everdure CALTITE System, as concrete waterproof and corrosion resistant admixtures, dosed at 20 - 30 liters per cubic meter of concrete.

Everdure CALTITE System was used in order to produce a waterproof concrete and most importantly to protect the concrete against corrosion and damage due to the aggressive salt materials.

From the time when the above structures were built (1981 -1987) up to present, concrete walls, columns and floors where Everdure CALTITE System were used are still in good condition.

We would like to take this opportunity to express our appreciation and satisfaction in using Everdure CALTITE System.

With the above realized benefit, our company would definitely recommend the use of Everdure CALTITE System for structures exposed to salt and similar aggressive materials.

This certification is issued to **PT CEMENTAID Sales & services** Indonesia for whatever purpose it may serve.
